Comments for any notable improvements or deterioration in performance, or compliance with tenant and resident safety requirements regarding the figures supplied in the "Housing quality and maintenance" section, including non-compliance with electrical, gas and fire safety requirements and plans to address these issues.

Whilst DPHA currently have 100% compliance in relation to EICR inspections, 1 inspection during the course of the year was overdue, it was due for completion on 25/05/24 but wasn't completed until 17/06/24 as tenant failed to allow access, entry was forced and discovered issue with debt on electricity meter. The EICR was completed at the earliest opportunity. At C9 - 6 SHQS failures are due to inadequate storage in the kitchen. A check has been carried out to ensure these are isolated issues and DPHA intend to address these failures within the next financial year.
